# The Generous Prenup: How to Support Your Marriage and Avoid the Pitfalls

by Laurie Israel, Attorney/Mediator

This comprehensive guidebook covers all aspects of prenups and is intended for people marrying, their family, and their friends. The book will be helpful to people considering having prenups and to their lawyers and their financial advisors.

Married people who are wondering how money affects their marriages will also find the content of this book very helpful.

The book explains why mediation is generally the preferred way to start the process, if a couple decides that prenup is to be put into place before a marriage. See Chapter list below.
